

Timmy's Tent

#### Notes to teachers, parents, and carers

The Ladybird Readers Beginner level helps young language learners to become familiar with key conversational phrases in English. The language introduced has clear real-life applications, giving children the tools to hold their first conversations in English.

This book focuses on the verb "to have" and provides practice of using "have" and "has" for possession in English. The pictures that accompany the text show an outdoor setting, which may be used to introduce one or two pieces of topic-based vocabulary, such as "garden" and "play", if the children are ready.

There are some activities to do in this book. They will help children practice these skills:
